Muthafucka could be located nigga could be touched
I'll stab ya ass up
And its up by the cut
I keep my rees (reeboks) strapped on tight
My mac ring all night
People call the police cuz the say they can't sleep right
Them lil muthafuckas be makin' that noise
Them lil muthafuckas be slangin' it boy
Them lil muthafuckas be in them hallways
Them lil muthafuckas be bustin' all day

My first word was God bless me and my crew
My last word was bitch let a nigga through
I observe, the shit that muthafuckas do
You got nerve, what if this shit happen to you
Like the proverb, and it aint nothin' but that boom
Now you got tha urge, to go and kill a nigga too
But remember this
You started this
So finish this
When you grab yo shit
