Beautiful World

B.J. Thomas

Beautiful world
I see hard times coming
I see a time
I might have to run
Beautiful girl
I'd never leave you behind
Even in hard times
You are my world

Beautiful world
I hear rumors spreading
They're like a fire
Burning my soul
Beautiful girl
Now we've got to stand together
And face the wind
With our hearts again

Beautiful girl
You are my world
Beautiful girl

Beautiful world
I see a brand new Heaven
One without walls
To keep us apart
And beautiful girl
Our love will live forever
In your eyes
And here in my heart

Beautiful girl
You are my world

Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
Our love will live forever
Beautiful girl
