

Bobbie

B.J. Thomas

Bobbie
Bobbie
I need you oh so bad
I never knew I could be so sad
Since you been gone from me
I've had nothing but misery
I know I could search this whole wide world
But I'd never find another girl like
Bobbie
Bobbie

I still see Bobbie's face
I feel her warm embrace
Even though she's far away
She's in my heart
And there she'll stay
I still can remember that very day
Bobbie turned around and she walked away
Leaving me standing there with a broken heart
Never giving me a reason why we should part

Oh
Bobbie
Bobbie

Please come back just one more time
'Cause if you don't I'm gonna lose my mind
Oh
Bobbie
Bobbie
Bobbie
Bobbie
