

# Goodbye's A Long, Long Time

B.J. Thomas

Sometimes we all fell  
Like moving on to new horizons  
Just walking away and leaving it all without realizing

Goodbye is such a long long time  
Can you imagine how every beats?  
Every minute out of eternity  
Too much for me to ever try to define  
Goodbye's a long long time

Don't be misled, don't look ahead with clouded visions  
If you own a goal  
Make sure you're making the right decision

Goodbye is such a long long time  
Too many tears for us to cry  
So many years I've wondered why  
We have a lost a love like yours and mine  
Goodbye's a long long time

And you know it don't take long to say it  
But oh what a price to pay  
And you know how long it takes to pay it  
But we can't forget all the memories we shared together  
That here in our hearts  
And you know, that will be here forever

Goodbye is such a long long time  
Too long to have to spend alone  
Dimming all the life I might have know  
Too long to leave a love like ours behind  
Goodbye's a long long time

Hope I got the message to ya  
Cause babe I don't wanna loose ya  
Gotta chance so please just take it  
I still believe that we can make it

Goodbye's a long long time  
Goodbye's a long long time  
Goodbye's a long long time...
