

# He's Got It All In Control

B.J. Thomas

He's got it all in control  
He's got it all in control  
He's put that reassurance  
Way down in my soul  
He's got it all in control

I've put my life in His hands  
I've put my life in His hands  
So every road I walk down  
I'm sure is in His plan  
'Cause I've put my life in His hands

He holds the stars in the sky  
He holds the land back from the sea  
If He can do all of that  
Surely he can take care  
Of you and me

He's got it all in control  
He's got it all in control  
He's put that reassurance  
Way down in my soul  
He's got it all in control

He's got it all in control  
God's got it all in control  
He's put that reassurance  
Way down in my soul  
He's got it all in control

He's got it all in control  
God's got it all in control

He's got it all in control  
God's got it all in control  
He's got all in control
