

I Just Sing

B.J. Thomas

I just sing
I take the talent God so freely gave
And marry it to music everyday
'Cause music is my thing

And I just sing
I walk the only avenue I know
And let the natural love within my heart flow
And I just sing

Singing is my merry-go-round
My carnival of feelings
That won't let me down
Touch a dream

Taste a memory
Live a song
I'd be more than pleased
For you to come and sing along

I just sing
Try to to make my fantasies come true
Here's wishing I could do the same for you
'Cause I just sing

Oh, oh, singing is my merry-go-round
My carnival of feelings
That won't let me down
Touch a dream

Taste a memory
Live a song
I'd be more than pleased
For you to come and sing along

I just sing
And try to make my fantasies come true
Here's wishing I could do the same for you
'Cause I just sing
Oh I don't do miracles
I wish I could
I just sing

Oh oh oh
I just sing
