

# If You Must Leave My Life

B.J. Thomas

Standing in my eyes  
You'll always be the reason  
That I know I can't keep you for good  
And I'm not even sure that I should

Oh girl  
If you must leave my life  
You'll leave me alone  
And baby, long  
Before you leave my life  
Be sure to have your own

Somewhere in my mouth  
They'll always be the taste of you  
Forever is so very long  
I don't want your life to go wrong

So girl  
If you must leave my life  
Consider every part  
And baby, long  
Before you leave my life  
Be sure you have your heart

Now consider every part  
Girl, be sure to have your heart

'Cause if it's not there  
When you unpack  
It may not be here  
When you get back

La, la, la  
La, la, la  
La, la, la, la  
La, la, la, la

La, la, la  
La, la, la  
La, la, la, la  
La, la, la, la

Oh girl  
Be sure you have your heart  
Oh, oh girl  
Consider every part  
Oh, oh girl
