

Love Has Arrived

B.J. Thomas

Down the darkened hallway of a lonely heart
Here come the footsteps of a friend
Through all the hopeless tears of eyes grown cold and hard
Here comes the chance to smile again

Love has arrived
Lord, here You are
Love has arrived
Welcome to my heart

Along the wandering path of a reckless man
Here comes a steadfast guiding light
Into the emptiness of a loveless soul
Here comes love into my life

Love has arrived
Lord, here You are
Love has arrived
Welcome to my heart

Love has arrived
Lord, here You are
Love has arrived
Welcome to my heart

Love has arrived
Lord, here You are
Love has arrived
Welcome to my heart

Love has arrived
Lord, here you are
