

Nothin' Could Be Better

B.J. Thomas

I ain't got no fancy car
But that's alright
And I ain't got no mansion on a hillside
But that's alright
I may not have much money in my pocket
But that's alright
The clothes I wear are worn and out of style now
But that's alright

'Cause I've got something more
Precious than your silver and gold
I've got the Spirit of the living God
Anchored deep in my soul

I've got Jesus
I've got Jesus
I've got Jesus
That's enough for me
'Cause nothing could be better than livin' life together with Jesus
Nothin' could be better than livin' life together with Jesus

Now I ain't got the finest conversation
But that's alright
And I ain't got the highest education
But that's alright
I may not have the world at my attention
But that's alright
I may not have none of what I mentioned
But that's alright

'Cause I've got something more
Precious than your silver and gold
I've got the Spirit of the living God
Anchored deep in my soul

I've got Jesus
I've got Jesus
I've got Jesus
That's enough for me
'Cause nothing could be better than livin' life together with Jesus
Nothin' could be better than livin' life together with Jesus

'Cause when the mountains begin to crumble
And the fire begins to fall
It's all gonna blow up smoke ya'll
Be it great or be it small

Without Jesus
Without Jesus
Without Jesus
You'll have nothing at all

Nothing could be better than livin' life together with Jesus
Nothin' could be better than livin' life together with Jesus
Noooooo
Nothin' could be better than livin' life together with Jesus
Nothin' could be better than livin' life together with Jesus

Oh no it's so
Nothin' could be better than livin' life together with Jesus
Nothin' could be better than livin' life together with Jesus
