

Pray for Me

B.J. Thomas

I know there may be times
It's hard to understand
That what you see me doing
Is the very best I can

But I have the assurance
Of better days ahead for me
And the face I have today
Is not the face I'm gonna be

If you just pray for me
Pray for me
I'm not everything
That I'd like to be

I need your love
Sometimes I'm so weak
I know I can make it if you'll lend me your strength
And just pray for me

I have some answers
But I don't have them all
You may see me stumble
You may see me almost fall

But there is strength in numbers
When two or more of thee
So don't condemn them they're human
Please just pray for me

Come on and pray for me
Pray for me
I'm not everything
That I'd like to be

I need your love
Sometimes I'm so weak
I know I can make it if you'll lend me your strength
And just pray for me

Come on and pray for me
Pray for me
I'm not everything
That I'd like to be

I need your love
Sometimes I'm so weak
I know I can make it if you'll lend me your strength
And just pray for me

Oh oh
Come on brother
Pray for me
Come on sister
Pray for me

Everybody

Pray for me
Ohhh you know I need it
Come on and pray for me
Everybody
Pray for one another
Pray for me
