

## Table For Two For One

B.J. Thomas

Give me a table for two for one  
And I won't have any fun without my baby  
Give me a bottle of wine for two  
And I'll just drink half and be blue without my baby

Set two places just like ya did before  
Remember the girl with the golden hair  
Everything is just like it was before  
Only I'm pretending she's still there

Set two places just like ya did before  
Remember the girl with the golden hair  
Everything is just like it was before  
Only I'm pretending she's still there

Give me a table for two for one  
I won't have any fun without my baby  
Without my baby
