

They See God There

B.J. Thomas

Living in God's armor
Saved my life again
By myself I know I'd never triumph over sin

But in my daily battles
I know I can win
'Cause when I put His armor on
It makes me more like Him

Ohhh the devil won't know it's me
He'll see God there
The angels watching me
They'll see God there

I'm hoping for the day
When anybody anywhere
Will look at me and say
They see God there

I know God is working
To make me just like him
I wear his robe of righteousness
He took my rags of sin

I'm cloaked in His glory
Like He wore my disgrace
When Satan starts accusing me
Jesus takes my place

The devil won't know it's me
He'll see God there
The angels watching me
They'll see God there

I'm hoping for the day
When anybody anywhere
Will look at me and say
They see God there

Ohhh the devil won't know it's me
He'll see God there
The angels watching me
They'll see God there

I'm hoping for the day
When anybody anywhere
Will look at me and say
They see God there

The devil won't know it's me
He'll see God there
The angels watching me
They'll see God there

I'm hoping for the day
When anybody anywhere
Will look at me and say

They see God there

The devil won't know it's me
He'll see God there
