

Walkin' On A Cloud

B.J. Thomas

I used to walk along the streets at night
Starin' up into the sky
I knew there had to be a better life
Than the one I was watching pass by
Then I found You one winter's night
And it changed my life instantly
You took me into your tender care
Now I feel like I'm walking on air

I been walkin' on a cloud
I never had so much reason to be proud
I couldn't be any higher than I am
No I never want down from Your love

Makes you feel so good

Now I never have to walk alone
'Cause You're always by my side
I couldn't recommend a better life
Than Your love now that I've tried
There couldn't be any wonder drug
That could make me as happy as You
I touched the edge of eternity
Since I've given my life up to You

I been walkin' on a cloud
I never had so much reason to be proud
I couldn't be any higher than I am
No I never want down from Your love

Now there's such a beautiful life
Passing in front of my eyes
No more staring the stars at night
Because you are my one star
And ever since I saw your light

I been walkin' on a cloud
I never had so much reason to be proud
I couldn't be any higher than I am
No I never want down from Your love

Ohh ohh I been walkin' on a cloud
I never had so much reason to be proud
I couldn't be any higher than I am
No I never want down from Your love

Ohhh I been walkin' on a cloud
I never had so much reason to be proud
I couldn't be any higher than I am
No I never want down from Your love
