B. Lou

(Tayo got that heat)

I'm always gon' be there, I'm gon' either boast (Either boast)
I'll never tell a story, that's a million
Yeah I been livin' life but ain't no day is promised
Man, they think they can choose and try to see a barber (Yeah)
And my clique sick nigga like piranhas
We poppin' niggas like we sippin' baka
Pour a duso in a cup and you might see a monster
I do this shit for my niggas and the pain is watching
You niggas wanna hate, the whole city is watching
On my soul, on my kid, you ain't stopping nothing
Stay up by my money, I promise
This shit forever nigga, I promise

I promise, I promise
Till then I remain humble nigga
I promise, I promise
Till then I always get the money nigga
I promise, I promise

Lotta cup got candy in it
We've been lavish on you pussy niggas
Shit, my heart told me never quit nigga
Pitbull, it ain't no bitch in us
24 hours bitch, we pay for chasin'
They think I'm selling dope from the moves I'm making
Most of these niggas jealous 'cause they really hating
Fourty rounds and a Draco gonna hit Jamaica
Nigga I ain't got my dope from my Granny house
The cut so loud but we don't make a sound
Gotta keep a stick while we ride around
I'm all the way up, ain't no turnin' down
Yeah you niggas used to count me out
And now you niggas begging for the clout
Smokin' so much dope like we making clouds
Rich and free my big brother, I wanna see him up there

I promise, I promise
Till then I remain humble nigga
I promise, I promise
Till then I always get the money nigga
I promise, I promise
