

# No Trust

B. Lou

Ye, ye, B. Lou  
No trust, no trust  
No trust

No trust  
Not saving no hoes, I ain't wearin' no cape  
More money, more problems, y'all niggas in the way  
Baby got bag, carry on weight, carry on weight

Never fallin' for your love  
Diamonds water like the tub  
Nigga, never been a scrub  
B. Lou nigga came in from up above  
Every day I wake up to run it up  
Got a four of the lean, pour it up  
Yeah, I'm in my zone servin' metric tons  
Louis V shoes, these the only one  
Staples center, courtside with Lil Pump

Never gave my love to no one  
I keep my trust in the gun, yeah, yeah  
I was feelin' like you the one  
Got my heart broken by love  
Roll up the tree, somebody  
I wanna feel my body, body, body  
I don't wanna trust nobody  
I can't even trust nobody

Never fallin' for your love  
Diamonds water like the tub  
Nigga, never been a scrub  
B. Lou nigga came in from up above  
Every day I wake up to run it up

No trust  
Not saving no hoes, I ain't wearin' no cape  
More money, more problems, y'all niggas in the way  
Baby got bag, carry on weight, carry on weight

Never fallin' for your love  
Diamonds water like the tub  
Nigga, never been a scrub  
B. Lou nigga came in from up above  
Every day I wake up to run it up

You cannot play with the kid  
You never play me again  
Yee, I swear to God, you won't live  
I swear to God, you won't feel  
How did I just make it here?  
Little hood, what it is  
Dear Lord, can you hear?  
Bad intentions at my crib  
Feelin's posted in the field  
Dirty laundry in the well  
Future thoughts give me chills

Never gave my love to no one  
I keep my trust in the gun, yeah, yeah  
I was feelin' like you the one  
Got my heart broken by love, yeah  
Roll up the tree, somebody  
I wanna feel my body, yeah, yeah  
I don't wanna trust nobody  
I can't even trust nobody, yeah, yeah

Never fallin' for your love
