

Grrah, grrah-graah
Ahh, ahh
Ahhh
Grrah-grrah
Grrah, grrah-graah

I'm exhausted
Double my cup, girl, I do it often (Girl, I do it often)
Tryna put a new opp in a coffin (A new opp in a coffin)
Free bro, he got knocked, he was tossing (He got knocked, he was tossing)
Fuck her good, leave her sortin' (Ahh)
Running low, we get more, then
Want the pressure? Put some more, then
For the team, I go all in (I go all in)

Just watch how we ball like the dream team
He move wock, we gon' back out the green beam
Pop out the cut, bet they won't even see me
He want clout? We gon' put him on TV
He can talk all he want, he ain't active
Better run if he said I'ma blast him
While I talk what I do, I get active
Send a shot after shot, watch it fuck up his fashion (Like, what?)
They can't stop me
Had to fall just to win like I'm Rocky
Catch a shot to the chest trynna box me
She act bad on her knees like she Roxie
Two twin Glockes on his block, moving oppy
Feeling social my bop they is not me
Talking Foxy, on the net, okay
Broad day Scotty in his lobby
Smoking Lo-i, smoking R-h-ah
He got dubbed in that spot, that's that Zaza
Hollows hot, they put holes in his matha
I get mad if I click, I will not stop
Don't get near me, I might up off the hit
Cause that PTSD got me scary
No I don't care if you tact, I'ma blow if you dare me
Hop out the V, you can't scare me
Fuck that, we on the road to the riches
Money and bitches, poles wit' extensions
Spot a opp, get on go, trynna spliff him
Free the bros, they all know that I miss them
If it's up than just say that
Better duck when I spray that
Bro in the cut wit' a stick, he don't play dat
They always told me, "Don't shoot where you lay at"
