Shit gets slim, I don't wanna play nice)
Graah

Shawty a shooter, she don't like cheatin'
Up early morning, babe, we leavin'
If I tell you, "I love you" then, I mean it
She an angel and a demon
She brought an angel to a demon
Different angles, how I see her
Girl, bend it over, let me see it

She late when I'm all late night
I'll be out till the next daylight
I gotta grind if I wanna stay right
Shit gets slim, I don't wanna play nice
She late when I'm all late night
I'll be out till the next daylight
I gotta grind if I wanna stay right
Shit gets slim, I don't wanna play nice

Let me know, you know we get
Might fuck on the floor, lookin' good
Whatever you wearin', that be the reason, I'm starin'
Fuck all these bitches, ain't no comparin' (Ain't no comparin')
We walkin' out and they starin' (And they-)
We hoppin' out of that 2-door (Uh)

Oh, she actin' naughty
And that move, throw that ass in the air
Like, fuck her till I'm yawnin'
Go ahead, girl, make it clap, let me here
Won't let go while I'm [?] here
And the girl got a gossip for air
Hit it good, then, I [?]
Go get what you want, I don't care

She late when I'm all late night
I'll be out till the next daylight
I gotta grind if I wanna stay right
Shit gets slim, I don't wanna play nice
She late when I'm all late night
I'll be out till the next daylight
I gotta grind if I wanna stay right
Shit gets slim, I don't wanna play nice
