

Who gon' do what? Pass me the-  
Spin through the front, look  
I spot me a opp, made him run laps and I ain't even done  
Like, he think that he bigger than me  
Dot on his cheek, bullet knock out his teeth  
Brodie gon' click him for free  
Fuckin' with me, you gon' get packed for a fee

You gon' get put underneath  
Dropped in my O, you gon' get put on a tee  
I drop a four in the cream  
I sip the lean, but I still clutch on my heat  
He say he clickin' on who? Clickin' on me?  
You must be off of that bean  
Glock got a beam, .30 and better  
And I won't let up when I hit the scene

Loving this beretta, everything get wetter when I hit the scene  
If he came, put the dot to his beam  
Watch he flock, bullets stop in his dreams  
Opps talkin' hot, but it's not what it seems  
Like with' a mop on a Glock with a beam  
If he bunny hop, we gon drop on the scene  
Spray them bullets hot like the block when it's Spring  
That boy copy, is not with the team  
He got put in a box from the shot to the beam  
Spin the block, make it hot, hop out for the team  
COE, EBK, fuck everybody  
Free Dae Dae, he not for the body  
Scottie 2 Hottie, sit in ya lobby, uh  
Now they keep survinin'  
Spinned through again and I swear I'ma spot 'em  
No SpotemGottem, but five really spot 'em, I got 'em  
He try to run but this .40 is kickin' like soccer  
Bitch, on my block, I got power  
Spot an opp on the block, bullets gon' shower

Who gon' do what? Pass me the-  
Spin through the front, look  
I spot me a opp, made him run laps and I ain't even done  
Like, he think that he bigger than me  
Dot on his cheek, bullet knock out his teeth
