Bobby Ray Bandž  
Gas Packastan  
I'm 'bout to roll up a  
This for all the Noteps  
Notepllujah nigga

Can't don't do what a nigga can do  
She gon' do what I say and I do  
And do  
She a goofy  
Yeah  
No can do  
Tell the hoe she lucked up  
Bamboo  
Inside of the truck  
Bamboo  
For I fuck, take off ya bamboos  
Bend it over  
Get stuck  
Bamboo  
Tell that hoe she lucked up  
Bamboo

She gotta move when I move  
Girl, you gotta do what I do  
I don't just say it, I do  
She gotta move when I move

A real one just walked in the room  
My bitch hold me down  
My bitch hold me down like a screw  
My bitch got my back, parachute  
No gender bias in my place of business  
You see women we do not exclude  
Yappin' my ear with that schmooze  
No, the ancestors are not enthused  
Nun you can do to me  
Only Zemunda me  
I got immunity  
They say family first  
When a king take advice from his queen  
Why the scrutiny  
We got repo and reefer  
Got hookah, got eaters  
A ghetto charcuterie  
Got baddies tattooing me  
Baddie community  
Rafiki with the bamboo  
My bro got the bamboo, the broom  
You how the world be a zoo  
Don't make niggas go ape, go baboon  
Apparently you got some trauma  
You need to remove  
Is it your zodiac sign?  
Your Sun and your rising  
Stop blaming the moon

She got that wop, that mop  
Splatoon  
I'm 'bout to bust  
I'm 'bout to bust a lagoon

Can't don't do what a nigga can do  
She gon' do what I say and I do  
And do  
She a goofy  
Yeah  
No can do  
Tell the hoe she lucked up  
Bamboo  
Inside of the truck  
Bamboo  
For I fuck, take off ya bamboos  
Bend it over  
Get stuck  
Bamboo  
Tell that hoe she lucked up  
Bamboo
