

# Be There

**B.o.B**

Yeah  
Ah-huh  
Yeah  
Ah-huh

I don't wanna waste your time  
I just wanna change your life  
And if anything goes down, anything goes wrong  
I'm a make things right  
I'm a make it right

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?

Shittin' on these niggas  
Balling on these hoes  
Two bad bitches  
They in my bathrobes  
Everything gold nigga  
Everything cold, yea everything froze  
Money entertain hoes  
Nigga anything goes, yea, I already know

And you know we some gold diggas  
But you know we some cold niggas  
Might blow like so nitro  
We ain't goin back and forth with ya

I don't wanna waste your time  
I just wanna change your life  
And if anything goes down, anything goes wrong  
I'm a make things right  
I'm a make it right

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?

Sittin' on these figgas  
Hoppin out of doors  
Full cup of liquor  
Fire up that dro  
I do it like so  
I be whippin' so hard I gotta call Geico  
I'm already in my zone  
And I'm already gone  
I'm already blown

And you know we some gold diggas  
But you know we some cold niggas  
Might blow like so nitro  
We ain't going back and forth with ya

I don't wanna waste your time

I just wanna change your life  
And if anything goes down, anything goes wrong  
I'm a make things right  
I'm a make it right

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?

I hear your heartbeat pound  
I like to cherish the sound  
I hear your heartbeat pound  
I like to cherish the sound  
I hear your heartbeat pound  
I like to cherish the sound  
I hear your heartbeat pounding  
I like to cherish the sound

I don't wanna waste your time  
I just wanna change your life  
And if anything goes down, anything goes wrong  
I'm a make things right  
I'm a make it right

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?

I'll be there, tell me won't you be there?  
Baby, won't you be there?  
I'll be there, tell me won't you be there?  
Baby, won't you be there?
