

Niggas don't like when you fly as fuck
But I'm fly as fuck
When they see my face they be lighting up, up
They be lookin til their hair gets stuck
When they comin out their socks and such
Who'd do it how I do it hah? Nobody does
Can I have swag without being stopped for it?
I board 1st class, ye ain't even lookin at my boarding pass
Til ya find out who I was
Now you want a photograph, a photograph
Haters on my back, like some shoulder pads
Nigga finna snap like a quarterback
Yea they know I'm fly but they hope I crash, hope I crash

If anybody else got something to say
Get in line, motherfucker
I swear to God I'm always on a hater's mind
Don't know why, I guess it's
Cuz I'm a Fly muthafucka
I'm a Fly muthafucka
Fly muthafucka, Fly muthafucka
I swear I'm always on a hater's mind
Don't know why, I guess it's
Cuz I'm a Fly muthafucka
I'm a Fly muthafucka
Fly muthafucka
Okay now watch me fly, mothafucka
I swear I'm always on a hater's mind
Don't know why, I guess it's
Cuz I'm a Fly muthafucka
I'm a Fly muthafucka

Fly, fly, that nigga so fly
Y'all niggas so weak
Y'all niggas just blah
They don't understand
Cuz you're just so blind
I do this for the days
When I had just enough to get by
Now I got more than enough to get by
But I got more than enough on my mind
Just lost a loved one the other night
Just got home and another one died
I don't even have the tears to cry
Tryna find gold in a diamond mine
Cuz diamonds are harder and harder to find
Ain't no one left for me to call
Ain't no more numbers on my line
Tell me how high must I climb
You fuck niggas stay on line
But I don't really have the time
I don't really have the time
