They be like, "Get them demons off of you"
I'd be lying if I said I ain't want commas too
Turn me to a savage, that's what hunger do
Disrespect the reaper 'til they come for you

Ma-Ma-Masters pick their slaves, not a slave pick their masters
You don't know that you got played 'til 'bout 10 years after
AIDS, cancer, brain samples, eight years of propaganda
Incarcerated in the slammer 'fore niggas even knew that crack was illegal
A tap on the needle, Reagan was serving them whole things
'Fore niggas had boats and planes, we still took the blame for all the cocaine
Put you on game, call me a Damon, I'm weighing my options inside of this game
(Game)
(Look at that demon)

They be like, "Get them demons off of you"
I'd be lying if I said I ain't want commas too
Turn me to a savage, that's what hunger do
