

one pill

B.o.B

Please don't call me woke, all this shit be jokes
I sell quotes like this country sell niggas hope
When you ask for justice all you get is "no!"
You tell them stop the murders, they tell you go and vote
Uneducated negros don't like the word "hoax"
Man uneducated negros don't like the word "hoe"
They don't know what to feel 'till they locate a remote

It's not like government ask to comply and present it as a choice. It's not
like the government looks at us as property and divides a population into tw
o political parties

It's nothing left to say about it nigga
The bar beat the painkiller out a nigga
They say the weather's fake I say "shit, was it ever real?"
They shoot shots but a [?]
They don't even do false flags as much
'Cause niggas doing Grand Theft Auto in real life
How much you expect to make on crypto if you can't make any money in real li
fe?
Peace, that's a sign of success
Sickness, that's a sign of some stress
Sleep inside of a dream, but if I ain't have a name then what would you call
me?
Living free it's called sleep
It's a scheme but what does it all mean
The illusion, the technologies involving
I was buried in lost seas
Got whole airports under the ocean, they just like "don't look at me, we don
't know shit"
I call that hocus pocus, this ain't the first time that the matrix got reloa
ded, bands

One pill makes you larger, and one pill makes you small
One pill makes you larger, and one pill makes you small
It's not like everything is a conspiracy Bob. It' not like one race is syste
matically oppressed for some reason. It's not like the government made us de
pendent on them and blew out the middle class and most small business

Pop them silicone ass cheeks in silicone valley
So busy with the future it's already happening
Yeah, dream tryna tell me some
The way she throw it back I think she tryna sell me some
If my thoughts offend you, you scared or sum
Shit, I don't know, say a prayer or sum
Get hot [?]
Let you get hot then hit you with a gun charge
You don't see the pattern on the chess board
Same old shit, just another rat they test it on
Wanna be from somewhere so bad
What if you ain't from no where?
What if when you die...?
What if when you die you don't go there?
But don't ever mess it up
We've seen the enemy, the enemy is us

One pill makes you larger, and one pill makes you small

One pill makes you larger, and one pill makes you small
Well, as the 675th president of the United States I think we should take it
easy on the minorities. I think we should ease up a bit, just ease up a bit.
I'm definitely not gonna make it financially hard for you to succeed in lif

on November just remember, I'm your guy. Take-it-easy-on-
