

Pennywise

B.o.B

Let that baller [?], genocide
They say they fly, keep that pesticide
That 357 what I rest beside
Blow a little smoke, keep the rest aside
A O every day put the rest of the vowels aside
Pop a couple beans, look, that's [?]
Besides, I don't fuck with other sides
Is they grass greener, is that a peace sign
Or two middle fingers, I can't decide
How the fame and the money both coincide
Loud, loud pipe humming, cut the engine homicide
Let the smoke subside, my pennies wise call it Pennywise

Y'all float down here
Y'all float down here
Down here down here
Y'all float down here
Got [?] down here
Got weed got smoke down here
Got drink, got smoke down here
Got purp, got hoes down here

Do this yes I do, She playing my flute
Got bands yes I do, she french kiss it, parlez-vous
I do this yes I do, She playing my flute
Got bands yes I do, she french kiss it, parlez-vous, B.o.B
A O every day put the rest of the vowels aside
Pop a couple beans, look, that's [?]
Besides, I don't fuck with other sides
Is they grass greener, is that a peace sign
Or two middle fingers
When I'm drinking, I'm usually thinking
When I'm thinking, I'm thinking Franklins
Rap god, Amen
Bust your noodle, everybody loves Raymond
Yes we do
I do this yes I do, yes I do, she playing my flute
Got bands yes I do, she french kiss it, parlez-vous
Let the- let the smoke subside, my pennies wise call it Pennywise

Y'all float down here
Y'all float down here
Down here down here
Y'all float down here
Got [?] down here
Got weed got smoke down here
Got drink, got smoke down here
Got purp, got hoes down here, down here
Y'all float down here
Y'all float down here
Down here down here
Y'all float down here
Got [?] down here
Got weed got smoke down here
Got drink, got smoke down here
Got purp, got hoes down here, down
