Well they don't like this here young fella
Haters jealous cause they ain't quite on my level
Their game's under-developed
So girl can I get under your umbrella?
What'cha boy made for? You're a hater dude
I gotta go and get the paper, see you later dude
Gotta keep it fresh, like refrigerator food
Catch me ridin 'round in Decatur with a date or two
Hah! They call me Bob-o-latty
I got mo' head than I got body
On (Green Giant) 'til we all get (Jolly)
but don't ask me where the 'dro at, I don't got it
That girl got a karate body
A big butt and she can't hide it
It's highly likely that she might be 'bout it
So don't be stingy girl, just pro-vide it

A-heh, ah-hah! A triple stack all in her hands
She say she like the way it make her dance, when she (pop)
She snuck in without her friends
and they all in the V.I.P. with no bands
Fo' think that they part of the crew
cause they all backstage like they came with the band
Well baby girl that's cool, but when we dip out
you gon' have to get down and dance!

Come, come take a ride
Let the Eastside come to the rides y'all
Come take a ride
Let the Eastside come to the rides y'all
Come take a ride
Let the Eastside come to the rides y'all
Just take a ride
Let the Eastside come to the rides y'all

Posin in my super stance
These girls wanna come undo my pants (pop)
