

r u sure

B.o.B

Ready or not, here I come, you can't hide
Gonna find you and-

Take the jab, take the vax, take a vote
Just- just do it, just do it
You'll be fine, just do it, take a jab, just do it
Just- just do it
Imma Lemmon Pepper Lou it
Imma-
This ain't even in the constitution
They keep you from your bread like ya allergic to the gluten
"Everybody do it", fuck what everybody doing
They couldn't take me out
Shadow-ban, they tried to mute it
Now it's pimpin' won't he will
Pimpin' won't he do it
Taking drugs to work sound like legal prostitution
And they say it's simulation
First, they said it's evolution
Science switch it up soon as niggas catch up to it
I do it

Are you sure?
Are you sure?

Yeah
It's five in the morning and I'm up microdosing on shrooms, shrooms
Yeah, I thought that I was outside
But I'm still here inside my room, room

I'll trust a bitch, 'fore I mm-, 'fore I ever mm-
'Fore I ever trust a congressman, a senator, the POTUS
Take your pick
I'll never trust the same motherfucker gave you crack, gave you projects, gave you smallpox
Can you read the room, nigga
I can hear these walls talk
It's a farm, big pharma locked the barn off
When I use my sixth-sense
This is not a coin toss
Controlled opposition
Get you scared, unsure, that's the lure
Start a virus, sell the cure, reassure
It's a zoo, Sun Tzu, Art Of War

Are you sure?
Police State, already here
Are you sure?
Metaverse, already here
Are you sure?
Man, what the fuck we talking about?
Are you sure?
FEMA camps 'cept you locked in your house
Are you sure?

Why you? trust science, don't be stupid, just, well
Make music, make music

Why you? trust science don't be stupid, don't be stupid
Make music, make- make music
