

Reminisce

B.o.B

Yeah, okay, shorty suckin' on me like a lisp, okay
I just wanna fuck, don't want to kiss, ayy
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay
I wanna see you in person I don't wanna diss, okay
Told her I wanted to fuck, I don't wanna kiss, okay
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay

How you steal a style you ain't invent, okay
Karma is a bitch, get what you get, ayy
Niggas try my name like I forget, ayy
Living by the gun, die by the stick
Decatur, in my jeans, g star
This summer, got 'em acting like hard ERs
I go hard like [?], I leap like reeboks, she
Looking at my print like she tryna pass the bar, but she can't read law

If I'm on then I'm on but you know it's going down
And I'm on in my zone they was hoping I would drown
They was wrong, they was wrong 'cause they know it's going down
And I'm on in my zone and they know I'm back around

Yeah, okay, shorty suckin' on me like a lisp, okay
I just wanna fuck, don't want to kiss, ayy
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay
I wanna see you in person I don't wanna diss, okay
Told her I wanted to fuck, I don't wanna kiss, okay
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay

Quick question, how you ain't on shit but still you pissed? Okay
Had to run in on my friends sounding like I'm Chris
Okay, okay, it's B.o.B and [?]
Bitch I got drop like a horses and I got hustle like Slauson
Kicking in doors and she got that shit I get lost in
Flew her to China and told her that cookie a fortune, aah

If I'm on then I'm on but you know it's going down
And I'm on in my zone they was hoping I would drown
(You are now listening, to the realest niggas in this mothafucking game)
They was wrong, they was wrong 'cause they know it's going down
And I'm on in my zone and they know I'm back around

Yeah, okay, shorty suckin' on me like a lisp, okay
I just wanna fuck, don't want to kiss, ayy
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay
I wanna see you in person I don't wanna diss, okay
Told her I wanted to fuck, I don't wanna kiss, okay
It's a bunch of people that I miss
But they switch, I don't like to reminisce, okay

Okay, boy don't fuck around, woah
Boy don't fuck around, yeah
Boy don't fuck around we go low, woah, woah

Boy don't fuck around, ayy
Boy don't fuck around, hey
Boy don't fuck around
