

The Crazies!!!

B.o.B

It's a dog eat dog world
It's a dog eat dog world
Me, I'm in the murder
Just tryna keep some calm nerves
Propaganda just like clockwork
Niggas panic just like clockwork
I'm just chilling in the murder
With them crazies and them mobsters

It's all about a dollar, it's all about a dollar
This shit feel just like the Hunger Games
Put your family and your squad first
You're more likely to get robbed first
Specially if you balling like they [?]
Hope you loaded up that Mossberg
.50 cal make you straighten up your posture
You can't understand us cause we talk slurred
High off of pain pills and cough syrup
You look softer than some soft serve
Been a real nigga since a toddler
If I was you, I would be scared too
News anchors is the feds, too
The sky is fallin', sky is fallin' now
Guess it's time to pull a parachute

It's a dog eat dog world
It's a dog eat dog world
Me, I'm in the murder
Just tryna keep some calm nerves
Propaganda just like clockwork
Niggas panic just like clockwork
I'm just chilling in the murder
With them crazies and them mobsters

This might get a little awkward..
This the section where the plot turn..
Been told you bout the cover up
I been told you bout the Watchers
They want to turn us into monsters
They circumcise your cock, first
Vaccinate you second
Desensitize your heart third
Have you ever watched Purge?
Effects are subtle, but the outcome is a lot worse
Psychopath, schizophrenia
Watch us kill each other unbothered
They treat us like a lost herd
We runnin new age thinkers and philosophers
But every guru ain't a 1000
Watch out for imposters
