

## They Live

**B.o.B**

On the weekday  
Don't be surprised, don't be surprised  
(Ha, ha, ha, ha)

Walk like us  
They even talk like us (Ha, ha, ha, ha)  
Walk wa-walk like us  
But they are not like us (Ha, ha, ha, ha)

On the weekday  
You can see the signs, you can see the signs  
They wear the disguise

Look into the mind's eye  
There's nowhere to hide, ah  
Frosting covered lies, ah-a-a-aah  
Whispers from afar  
We know who you are, ah  
Windows to the stars, ah a-ah aaah

Walk like us  
They even talk like us (Ha, ha, ha, ha)  
Walk wa-walk like us  
But they are not like us (Ha, ha, ha, ha)

On the weekday  
You can see the signs, you can see the signs  
Don't be surprised  
On the weekday  
Read between the lines, read between the lines  
They wear the disguise

Look into the mind's eye  
There's nowhere to hide, aah  
Frosting coated lies, ah-a-a-aah  
Whispers from afar  
We know who you are, a a aah  
Windows to the stars, aha a ahah
