

What Are We Doing

B.o.B

It's been a long time coming
And the clock says a quarter to 4
I'm feeling like it's now or never
And your bodies telling me it's a go
So what are we doing?
What are we doing here?
What are we doing?
What are we doing here?
What are we doing?
What are we doing here?
What are we doing?
What are we doing here?
What are we doing?
On a late night weekend showcase event
Kind of liked you at first but I noticed your friend
So I got my folks to approach both of them
And they both came over and we poured up some hen
And we ain't say much, but we spoke
Cause you don't have to speak when you know
Their eyes said to me, systems go
It's about that time we should go
So allow me to flow as I propose a toast
To the good life on a good night we go
Grab a bottle and go tell her hold on
Yes a beautiful night
Colorful Kodak photo
But as soon as you went to the room I guess you froze
It's been a long time coming
And the clock says a quarter to 4
I'm feeling like it's now or never
And your bodies telling me it's a go
So what are we doing?
What are we doing here?
What are we doing?
What are we doing here?
What are we doing?
It's the end of the week but the first of the month
When the moon gets full but the night is still young
With a crowd like this you don't know where you'll end up
So I just play cool, like the cubes in my cup
Huh, but then you came through tryin to body me up
And I didn't know what you were thinking
But your eyes said enough
And everything we felt was obvious lust
Which I thought was kinda cool I ain't gonna bluff
But look at the clock
It's about the time that I duck outta of the door
No need to be in a rush
But later you can hit me up so you hit me up
Shoes at the door smoke in the air temperatures up
But I guess when the lights went out it froze you up
It's been a long time coming
And the clock says a quarter to 4
I'm feeling like it's now or never
And your bodies telling me it's a go
So what are we doing?
What are we doing here?

What are we doing?
What are we doing here?
What are we doing?
