B.o.B

Something that I know you gotta scheme on  
Just to get ya dream on, this ain't what it seems  
Find, find another cut to pour some lean on  
Just to get your sleep on, just to catch some zzz's  
IPhone in my hand go ring, ring, ring  
Lightbulb in my head go bling, bling, bling  
Eyeball in my head see everything, thing, thing  
I just had a dream, what it mean, mean, mean?

Paper, scissors, rock, I'm rolling (Rolling)
