

Ooh oh oh ooh oh  
Ooh oh oh ooh oh  
Ooh oh oh ooh oh  
What are you doing

You saying your prayers  
Yeah, on my way to scoop you up  
All I wanna do is talk  
Girl, I don't wanna hold you up

I just gotta say  
Girl, I hope you listening  
I'm tired of all this space and all this distance  
Yeah, what's your new interest

Applying for the job, I hope it's still open  
Yeah, yeah  
I put nine to five on it  
Just keep them pretty eyes open

I just wanna see us grow  
Watch a flower bloom  
Never said I didn't care  
Ooh oh oh ooh oh

Never said I didn't care  
Mm-mm-mm  
Oh, what you used to  
All my moves, see right through

I built a home in you  
Through the worst of it, I hope we persevere  
Yeah, yeah  
You got my eye

All your favorite restaurants still I ride by  
Know you told your mama, know you told her I ain't right  
Miss you, wanna kiss you, but you wanna play fight  
Oh no, oh no, mm-mm

I put nine to five on it  
Just keep them pretty eyes open  
I just wanna see us grow  
Watch a flower bloom

Never said I didn't care
