

Break The Bed

B. Smyth

You can try to play this game of silence, silence
Make you say my name like we got violent, violent
Yeah, you know that pussy keep me honest, honest
Yeah, you know that pussy keep me honest

Last time that we sexed, I learned my lesson
I see why you fronted
That shit keep me honest, that shit keep me honest
Like that, I'ma get you right back

Grip your arms and your legs, legs, legs
What's my name
Ooh, ah, yeah, yeah
Don't break the bed, bed

Arms, head, leg, leg, oh
Damn, my baby got ah ass and some hips on her
I might break the bed, bed
I might break the bed, bed

Ride me, I'ma let you work in guide me
And she let me go deep inside it
I'ma leave my seed inside it
Damn, she got me excited

I don't know why she would try me
Seen her ass walking by me
Last time that we sexed, I learned my lesson
I see why you fronted
That shit keep me honest, that shit keep me honest

Like that, I'ma get you right back
Grip your arms and your legs, legs, legs
What's my name
Ooh, ah, yeah, yeah

Don't break the bed, bed
Arms, head, legs, legs, oh
Damn, my baby got ah ass and some hips on her
I might break the bed, bed

I might break the bed, bed
You can try to play this game of silence, silence
Make you say my name like we got violent, violent

Yeah, you know that pussy keep me honest, honest
Yeah, you know that pussy keep me honest, honest
Last time that we sexed, I learned my lesson
I see why you fronted

That shit keep me honest, that shit keep me honest
Oh, whoa, it's like that
I'ma get you right back
Grip your arms and your legs, legs, legs

What's my name
Ooh, ah, yeah, yeah

Don't break the bed, bed
Arms, head, leg, leg, oh

Damn, my baby got ah ass and some hips on her
I might break the bed, bed
I might break the bed, bed
I might break the bed, bed
