

Earn It

B. Smyth

Hmmm

Ima make you earn it
Ima make you earn it
Ima make you earn it
Ima make you earn it
From me

Ooo ooo ooo

Girl you know I owe you some
Yeah you fuck with a real nigga on God
Both of us gonna wanna fuck until we see the sun
This song right here
Gonna have you screaming
Way before you come through
Baby let me out thus on your tongue
Ooo you know I can't finish until you done
Ooo let me beat it up just like a drum
Out of all of them girl you're the prettiest one

I done seen a hundred million women come though
But I ain't never seen a woman quite like you you
All these pretty motherfucking faces in the room
I gotta ask ya who do you belong to
Ohh she said

Ima make you earn it
Ima make you earn it no
She said
Ima make you earn it
Ima make you earn it
Ooh she said
Ima make you earn it
Ima make you earn it
Everything you get from me
Ima make you earn it
Ima make you earn it
Everything you get from me

Oh

So I'ma put my lips up on yo waist
Feed it to me like my dinner babe
Pay for it you keep the change
You can make me earn it in any way
Yeah ooo ooo

Baby let me out this on your tongue
Ooo you know I can't finish until you done
Ooo let me beat it up just like a drum
Out of all of them girls you're the prettiest one

I done seen a hundred million women come though
But I ain't never seen a woman quite like you you
All these pretty motherfucking faces in the room
I gotta ask ya who do you belong to
Ohh she said

Ima make you earn it

Ima make you earn it no
Ohh she said
Ima make you earn it
Ima make you earn it
Ooh yeah she said
Ima make you earn it
Ima make you earn it
Everything you get from me
Ima make you earn it
Ima make you earn it
Everything you get from me
