

# Hate I Said That

B. Smyth

I hate that I said that (That)  
(Hate that I said that yeah)  
Leave and I come right back (Back)

How can I snap and say these things and say 'I love you'  
I'm just saying you like to fuss too  
(I can see right through you)  
Put up a front  
And you act like they don't crush you  
But I know they do (No no)  
I can see they do (No no)  
Yeah I know they do (No no)  
Yeah I know they do (No no)  
Yeah I know they do (No no)  
And you see it through (See it)  
And I watch your ass flutter like ocean water

I hate that I said that (That)  
(Hate that I said that)  
Leave and I come right back (Back)

And I hate that I acted like  
Like it's 'fuck you'  
Like I hate you  
Like I can't believe I would ever date you  
Did I say I hate you  
I don't mean to  
(Mean to mean to mean to mean to mean to)  
No I hate to see you  
Cry

I hate that I said that (That)  
(Hate that I said that)  
Leave and I come right back (Back)

Bae I hope you're listening  
Won't never justify this shit at all  
At all  
Know that I'm a piece of shit  
Bae I hope you're listening  
Won't never justify this shit at all  
At all  
Know that I'm a piece of shit
