

# Might Cuff U

B. Smyth

She let me touch her, so I ask her how it feel  
She say she love it, but she wanna ride for real  
So I let her ride for real  
Goin' deep, givin' her chills  
You can have whatever you want in this moment babe  
I treat you right, yeah  
Just bring that body to me 'cause I know you want it babe  
I'm a take my time

Want you to remember that  
So don't hold back, you feelin' that  
When I put it in, you gon' want some more of that  
When we fuck and we tryna get serious  
Holdin' on tight like girl, get rid of it  
Shawty so makes me so real of this  
Call my line, you can't get enough, no  
Just might cuff you, might cuff you

I don't wanna be the one to lead you on  
But I might be the guy that's on your phone  
Like, "Baby, where you at? What you doin'? Can you come by?"  
This money got me tunnel vision, I'm just out here tryna live life  
I just might cuff you baby, love seems so overrated  
I'll be the first to say it, I can't do no fakin'  
I just might cuff you baby, love seems so overrated  
I'll be the first to say it, I can't do no fakin'

Want you to remember that  
So don't hold back, you feelin' that  
When I put it in, you gon' want some more of that  
When we fuck and we tryna get serious  
Holdin' on tight like girl, get rid of it  
Shawty so makes me so real of this  
Call my line, you can't get enough, no  
Just might cuff you, might cuff you

Baby girl, you can get cuffed by the Balmain dentals  
Can't be sad when you dealin' with a Parkway nigga  
Every nigga you see round me, I came a long way with 'em  
I just gotta put a roll, I'm a pull up on you just because you full  
Tryna lock you down like a jail, my bedroom is a cell  
Feelin' on your booty like Kells, 500 dollars on smell  
Fine as tonight in Chanel, nah nigga I don't resell  
Kill the pussy, I'm a make bail, call me when your man ain't there, yeah

Want you to remember that  
So don't hold back, you feelin' that  
When I put it in, you gon' want some more of that  
When we fuck and we tryna get serious  
Holdin' on tight like girl, get rid of it  
Shawty so makes me so real of this  
Call my line, you can't get enough, no  
Just might cuff you, might cuff you

Don't be actin' shy up in this room  
Like I make you nervous, oh  
I'm a take my time, do your body right

When I'm feelin' on your booty, yeah  
I'm a take my time, do you right  
Holdin' on tight like girl, get rid of it  
I'm a take my time, do you right  
Holdin' on tight like girl, get rid of it  
Holdin' on tight like girl, get rid of it
