

# Twerkoholic

B. Smyth

Hold up girl, just wind it slow  
Hold up girl, just wind it slow  
Hold up girl, just wind it slow  
Hold up girl

She's a twerkoholic  
She's a twerkoholic  
She's a twerkoholic  
She needs me to get her started  
My love is gonna get her faded  
She said, my love is so intoxicating

Ride, ride, ride my loving baby  
Ride my loving don't stop, baby  
Ride, ride, ride my loving baby  
Ride my loving don't stop, baby

If you stay with me all through this verse  
I'll be your designated driver girl  
I wanna take you home  
Straight to the bed let's skip the pillow talk  
I know that I deserve you  
Baby show me what that twerk do  
Baby show me what that twerk do  
Show me how you work you too, ooh

Hold up girl, just wind it slow  
Imma take you where you're tryna go  
She gon' need rehab for sure  
Cos everywhere that she go  
Hold up, lemme clear my throat

She's a twerkoholic  
She's a twerkoholic  
She's a twerkoholic  
She needs me to get her started  
My love is gonna get her faded  
She said, my love is so intoxicating

Ride, ride, ride my loving baby  
Ride my loving don't stop, baby  
Ride, ride, ride my loving baby  
Ride my loving don't stop, baby

Shawty turned up to the max  
All I wanna do is those stacks  
Baby go head and look back, gon' look back at it  
Girl, you got it  
Show them other girls that you know just what you are, ooh

Hold up girl, just wind it slow  
Imma take you where you're tryna go  
She gon' need rehab for sure  
Cos everywhere that she go  
Hold up, lemme clear my throat

She's a twerkoholic (that right)
