

Waist Work

B. Smyth

What up, Big Roj
Where we at

She clocked in, puttin' those hips to work, yeah
Late night shift, on a mission first, yeah
I walked in, I'm tryna get with her, ooh
Think she sweet, but it ain't safe, no, yeah

It's pressure, it's pressure, it's pressure, she pressure
A nigga like me can't wait, see you work your waist
It's pressure, she pressure, I love the way that waist work
I love the way that waist work, work, work, oh

Work, work, work, work, work, work, work, work, work, work
Let me see that
Everybody watching yo' body work, yeah, ooh
Let me see that
Let me see that
(Everybody watching yo' body work, work)

Ooh, keep my eyes on you, I don't wait in line
Right now's the perfect time
I'm on your heels
All this on my mind is when we leave here
All these niggas on you, lace up my sneaks
Guess I gotta step tonight, gang here with me
All my niggas don't act right
Wait for your shift to end, oh
I throw this money all over ya
I'm like a dog, it's puppy love
I might just do it for ya

It's pressure, it's pressure, it's pressure, she pressure
A nigga like me can't wait when I see you work your waist
It's pressure, she pressure, she pressure, I'm loving it
I love the way that waist work, I love the way that waist work

Work, work, work, work, work, work, work, work, work, work
Let me see that
Everybody watching yo' body work, yeah, ooh
Let me see that
Let me see that
(Everybody watching yo' body work, work)

Waist work, waist work, waist work, waist work
Waist work, waist work, waist work, waist work
Waist work, waist work, waist work, waist work
Waist work, waist work, waist work, waist work
Waist work, waist work, waist work, waist work...
