

# Won

B. Smyth

What you think you here for

I put you in the range  
Penthouse suite got you feeling all  
Ace of spades make you wanna take it off  
It's been one of those days  
Girl I'm in the mood  
Yeah I want it all  
Girl I'm diving in like a cannonball

The reason I fucks witchu  
You make me wanna get so involved  
Caught in the moment ooh  
I just want you to take it all

And we gon do everything that you wan' to  
Girl you deserve to get everything too  
You know it's nothing to me  
I do that for you  
Just give me that body baby  
So I can love you  
And we gon see everything  
Just like I told you  
You be there next to me  
When I ball through  
Baby it's nothing for me to put up for you  
I bring the city out  
Just to show you

That you won  
Oh you won  
Girl you won  
Girl you won  
Won

So now you know my plan  
Is it everything you expect from me  
I don't want you to worry 'bout a thing  
Just let me take the lead  
Know that I'm the man  
You ain't never been this high  
Girl your sweeter than apple pie  
Girl your all mine

The reason I fucks witchu  
You make me wanna get so involved  
Caught in the moment ooh  
I just want you to take it all

And we gon do everything that you wan' to  
Girl you deserve to get everything too  
You know it's nothing to me  
I do that for you  
Just give me that body baby  
So I can love you  
And we gon see everything  
Just like I told you

You be there next to me  
When I ball through  
Baby it's nothing for me to put up for you  
I bring the city out  
Just to show you

That you won  
Oh you won  
Girl you won  
Girl you won  
Won

And we gon do everything that you wan' to  
Girl you deserve to get everything too  
You know it's nothing to me  
I do that for you  
Just give me that body baby  
So I can love you  
And we gon see everything  
Just like I told you  
You be there next to me  
When I ball through  
Baby it's nothing for me to put up for you  
I bring the city out  
Just to show you

That you won  
Oh you won  
Girl you won  
Girl you won  
Won
