

Birthday

B*Witched

I'm gonna say, you gotta do what you want now
I'm gonna say, if you want it then you better be strong now
Cause it's the way you got me under your spell
And it's a feeling like you never had before (na na na now)
Cause it's the way you got me under your spell
And you're feeling like you never had before

Ooh na na na now
It's my birthday, my birthday yeah
Ooh na na na now
I'm moving on and I've found somebody
Ooh na na na now
It's my birthday, my birthday yeah
Ooh na na na now
I'm crying now, cause I know you want me

I'm feeling good, I'm feeling good for something
I'm feeling good cause whatever you like is a good thing
Cause it's emotions that you give me inside
And we're here for just one moment, I want more (na na na now)
Cause it's emotions that you give me inside
And we're here for just one moment, I want more

Ooh na na na now
It's my birthday, my birthday yeah
Ooh na na na now (get down)
I'm moving on and I've found somebody
Ooh, let's get down
With a little bit of good time magic
Let's turn round
I'm crying now, cause I know you want me

Wo-o-oooooah
Everybody come get on board
Wo-o-oooooah
Everybody come get on board

Get down
And I want you to get down
Don't need you

Ooh na na na now
It's my birthday, my birthday yeah
Ooh na na na now (get down)
I'm moving on and I've found somebody
Let's get down
With a little bit of good time magic
Let's turn round
I'm crying now, cause I know you want me

Wo-o-oooooah
It's my birthday, my birthday yeah
Wo-o-oooooah
It's my birthday
Don't be late!
