Oh saanu pyaar tere naal enna ho gaya
Ke hor na koi disda
Oh mera dil jaanda ya rabb janda
Ki tere naa ki rishta
Tere naa ki rishta, ke hor na koi disda (□□□□□□ □□)

You made me wanna hold it down and never turn around
You stole my heart, I feel my world goin' upside down
So we can run away and tell no one 'cause they don't have to know
Found your love and I don't need nobody else
Haan tere jehan wekhiya ni pehla ta koi
Tu mere hisse aavi na, tu gair'an da hoyi
Haan jithe jaana, jaave tenu le ja har thaana main ta
Haan kar mainu zulfa'n di chaa

Baby, I can't let you go without me and just leave you in the past
Caught up in the moment, I just know that we gon' last
Mm, oh, oh, I hope that this gon' last (Yeah)
Baby, show me that you want me
Call me when you lonely
All that shit before me, gyal, you know that's just the old me
You're right and you my homie (Ah), don't leave (Oh)
Ridin' slowly, you're the only one to hold me
Hold me down, down, down
Hold me down, mm
Baby, wear this crown, crown, crown
Wear this crown, mm (Yeah)
