I don't really need to flex
Who am I tryna impress
I just keep cashing in checks
I can live off the interest

They already impressed right
Only got winners on these side
We ain't never need no retries
Just know if you letting that heat rise
We ain't putting up no peace signs
Boy I ain't playing with you
No way
We only telling the truth
Always
Bro might pull up in the coupe
And he ain't got nothing to lose
