

Living Easy?

B Young

Yeah yeah yeah yeah yeah

You getting money now oh boy you're living easy
Hmm

You getting money now oh boy you're living easy
Hmm

Look what you've done look how far you come
Came from the bottom now you number one
Yeah

You getting money now oh boy you're living easy
Hmm

So we living easy

You don't know a hard grind baby please believe me
Behind the scenes you wouldn't wanna be me
Reality ain't real when it's on the TV
Yeah

I never tried to be the cool kid
Forget the sauce I'm on my fourth mortgage
I see the VVS and flying saucers
When time run it's course, they'll be only fools and horses
Yeah

Taking shots like you a keeper
Every girl that want me looking like a keeper
Took shots for my wins I just done a litre
Took shots for my sins had to run the metre
Can't show love cause their hearts rotten
Living hard cause the paths got him
They'll rather be dead than forgotten
Cause the top ain't too far from the bottom

You getting money now oh boy you're living easy
Hmm

You getting money now oh boy you're living easy
Hmm

Look what you've done look how far you come
Came from the bottom now you number one
Yeah

You getting money now oh boy you're living easy
Hmm

So we living easy

Now they want a handout want a freebie
Maybe if you worked hard you could be me
I earned my right to be acting greedy
Yeah

I never thought I'd have it in me
Everyday a different demon wanna try and spin me
And I'm only getting stronger if it didn't kill me
I'll keep selling records till they have to feel me
Yeah

A million sold, I'm killing shows
Jumanji 079 it's getting old
Slapped deposits down on three different homes
Now every show costs a student loan
New lifestyle I'm adjusting too
I want both I don't have to choose

I thank God I show my gratitude
And grind hard till my bank a different magnitude
They had my bro locked up in the can
Like SK we had a vision and a plan
Now I'm tryna be the best version of a man
I skipped every hurdle and I ran
Ahead of the game, B you in your own lane
Don't watch the fame brudda don't change
I'll rather be dead than forgotten
Cause the top ain't too far from the bottom

You getting money now oh boy you're living easy
Hmm
You getting money now oh boy you're living easy
Hmm
Look what you've done look how far you come
Came from the bottom now you number one
Yeah
You getting money now oh boy you're living easy
