

MURDER IN THE BED

B Young

Girl don't act like you don't care
Seen the way you stare
Fuck you so good
I have you laying on my chest you know
Filling up your cup tell me when to stop
Fuck you like we're enemies
Fuck you like we're opps

So I put my gun fingers in the air
Girl if you mine yeah that pussy ain't for share
Showing off that bunda baby they just wanna stare
Calling me the driller the way I murder in the bed

Girl the way you turn me on
I can't get enough
Feenin for your body
Girl I'm feenin for your love
Forget the world
Baby it's just me and you
No other one baby
It's just me and you

So ready when I pull up
I'm lit up you know it's on sight
Girl I know you know what's gwanin' tonight
Have you in reverse I'll put it in drive
Baby make it work like two worlds collide
So get on top, grip me like a glock
When I let it go you know I ain't gonna stop
Baby there's no decimal
I'm teaching you a lesson
Imma fuck you like we're enemies
Fuck you like we're opps

So I put my gun fingers in the air
Girl if you mine yeah that pussy ain't for share
Showing off that bunda baby they just wanna stare
Calling me the driller the way I murder in the bed

Put my, put my gun fingers in the air
Girl if you mine yeah that pussy ain't for share
Showing off that bunda baby they just wanna stare
Calling me the driller the way I murder in the bed

Tryna leave a crime scene in the yard when I'm hitting
Baby how you dancing on me know you on a mission
Tell me how you want it girl and you know Ima listen
Giving me the knowledge then we switching up positions

From the ceiling to the wall
Yeah we banging on the floor
Way she screaming I'll have the neighbours knocking at my door
Have you manifesting more now we breaking all the laws
Girl I know you never fuck a criminal before

So I put my gun fingers in the air
Girl if you mine yeah that pussy ain't for share

Showing off that bunda baby they just wanna stare
Calling me the driller the way I murder in the bed

Put my, put my gun fingers in the air
Girl if you mine yeah that pussy ain't for share
Showing off that bunda baby they just wanna stare
Calling me the driller the way I murder in the bed
