

Right Now

B Young

You know I won't stop can't stop
Missing you when I'm fucked up
Drunk love no luck
You know what it gets like
Night time day light
Change minds, ain't mine
Waste time fake lies
FaceTime be mine

Least you're here right now
At least you're here right now
Hmm
At least you're here right now
At least you're here right now
Yeah

Cruising down the M way thinking 'bout you
Baby I'ma have to shout you
I swear this gon be the last time
Cause maybe I just need a round two
To get over you
Baby I don't really love you
At least I don't think I do (fuck)
Least you're here right now
At least you're here right now
Hmm
At least you're here right now
At least you're here right now
Yeah
