

Save That Shit

B Young

Yeah... save that shit for real

Yeah

Told me that you love me

No one else above me

But you went and kicked me when I'm down

Yeah

I ain't never lucky

I just took an L and but I went and turn that shit right back a round

You can save that shit boy

Running up lip boy

I'm just tryna bounce

You ain't been there since boy

Get yourself pitched boy

Rolling unannounced

What you know about drip boy

Tecky with the wrist I don't know about drought

Now she liking up pics, shorty thick, but she only wanna fuck me for the clout

Told me that you love me

No one else above me

But you went and kicked me when I'm down

Yeah
