

# SOBER

B Young

You say a little bit of love, can only go so far  
But if I give you good fucking  
I can give you that change of heart  
So take your top off in the hot tub  
You getting on top, we getting fucked up  
Off of this drunk love, we getting locked off  
We never stop stop, until the suns up

Top off, don't let me go go  
Drunk love  
I love me sober, sober, sober ah  
Take your top off, don't let me go go

Had enough, let me know  
Loving how your body looking edible  
Just put it down on me  
I can ease your mind like it's therapy  
We can take it to the bed  
Got me lifting up your legs  
I don't want you holding back on me  
Girl I want you coming on time  
Let me call right  
Good loving and loyalty  
You got me giving me my best  
I don't mind a little mess while I'm running through your mind so deep  
You know that I live wild life  
I been outside, baby I don't really need no sleep

You say a little bit of love, can only go so far  
But if I give you good fucking  
I can give you that change of heart  
So take your top off in the hot tub  
You getting on top, we getting fucked up  
Off of this drunk love, we getting locked off  
We never stop stop, until the suns up

Top off, don't let me go go  
Drunk love  
I love me sober, sober, sober ah  
Take your top off, don't let me go go

Top off, don't let me go go  
Drunk love  
I love me sober, sober, sober ah  
Take your top off, don't let me go go
