

## Where I'll Be

B3

Ooohhh yeah  
Come on come on  
Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be

Got a lot of feelings locked inside of me  
Wish you understood the pain you caused me  
Oooohhhhh  
You're the only girl that I ever really wanted  
( You're the only girl that I ever really wanted )  
It's killing me because you're not even responding  
To me  
You've played these games before

Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be

Baby it's about that time for me to up and leave  
Ohhh yeeahhh  
I told you before but you wouldn't pay attention to me  
No no  
If you just would've listened then maybe we could have worked things out  
Oh yeah  
But girl you didn't  
Now I'm moving out  
You played these games before

Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be

Where I'll be  
Where I'll be

Three months have passed and I heard you want me back  
Ohh yeah  
I guess I was right when I said that you'd be back  
I heard your message on the answer machine last night  
Baby, come on  
Baby give up cause me and you just ain't right

You played those games before

Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be

Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be

Never gonna touch your body  
The way I used to  
Never gonna see you smile  
The way that I always do  
And when I'm gonna know  
That you'll never forget about me  
History, memories, in your arms  
Where I'll be
