

## 4 - Go Go

B4-4

Jay and James roll  
Tape I'm ready to...

Here I am  
It's friday night  
I'm feeling good  
The time is right  
There you come  
Right out the crowd  
And all that I can say is

CHORUS:

I want you to know  
That I can rock you girl so  
Come on lets go  
I want you to see  
I'm really feelin' you so  
If you're feelin' me  
I want you to know  
That I can rock you baby  
With the lights down low  
I want you to see  
I'm really feelin' you so  
If you're feelin' me  
Go Go

So you think you got it all together  
Before you make a move  
And get too deep  
Don't you know that I can  
Love her better?  
So give it up, go home  
And get some sleep

CHORUS

I must have been mistaken for another  
You over looked the fact that I'm your  
Older brother  
Don't you know the  
girl-she wants me  
So look in the other direction and go  
and get some

CHORUS

go go...
