

## Give It Back

B5

You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right

It's just me and you together  
I like what I see when I touch your body (who-o-oa)  
She said she wanted me forever  
She where she wanna be  
She wants every part of me

If you take my heart you take my life from me (uh oh)  
That's not right, no that's not right  
Ooo she took my heart from me (uh oh)  
That's not right, no that's not right

Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right  
Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right

It's just me and you together  
And that's enough for me  
But you gotta show me why you want it all  
Otherwise, baby, I can't get involved  
You tell me you want me forever  
I can give a little, I can't give my all

If you take my heart you take my life from me (uh oh)  
That ain't right, no that ain't right  
Ooo she took my heart from me (uh oh)  
That ain't right, no baby that ain't right

Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right  
Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right

Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right  
Ooh just give it back to me  
You stole my heart from me  
You took your love from me  
No that ain't right, girl that ain't right
